... includes a wagering game unit 232 and an account manager 236. In some embodiments, the wagering game unit 232 can present wagering games, such as video poker, video blackjack, video slots, video lottery, etc., in whole or part. In some embodiments, the account manager 236 provides a user interface through which players can request account transactions and configure account rules. For example, players can request funds transfers between various accounts, such as game session accounts, checking accounts, savings accounts, (sect)529 accounts, charity accounts, etc. The account rules can cause transfers and other transactions to occur when specific conditions are met. For example, account rules can initiate funds transfers when players wager specific amounts, win specific amounts, play a specific number of wagering games...

TEXT:

... But, electricity-futures trading is not for the faint of heart,  
because it is, by nature, a high-stakes poker game. Engineers  
in particular may be uncomfortable dealing with the uncertainty of  
price fluctuations after years of tending to predictable power and process...
